

MyClinic365 Release Notes 26/10/2023

Contents

Collapsible Menu	2
Dashboards	2
Finding Free Slots	3
Moved Secure Messaging to Portal	3
Adding information to booking confirmation email	4

Collapsible Menu

For users that prefer to have the menu available you can now lock the menu in place by selecting Keep Expanded.

We have also made the Todos the default view rather than the filter.

Dashboards

We have made further performance fixes to the Dashboards.

We have also added the Third-Party filter into the invoice analysis report.

Invoice Analysis

Start Date	End Date	Payment Status	Payment Type	Third Party	
2023-10- 	2023-10- 	Total ▾	Total ▾	Choose Thi ▾	Patient Name 

Also fixed bug in invoice analysis where if an invoice was created manually and wasn't assigned a staff member it would not show in reports.

Finding Free Slots

We have implemented new functionality to make it easier to find free slots in the calendar.

Once you select the service type and click on the calendar it will now show you the days that have free slots available for that service type.

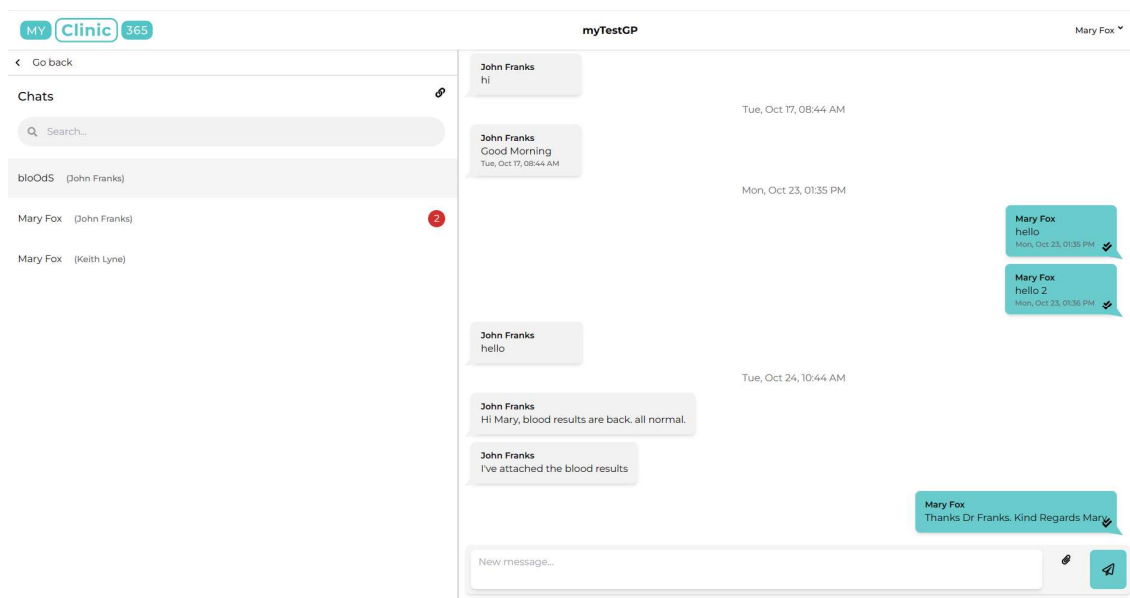

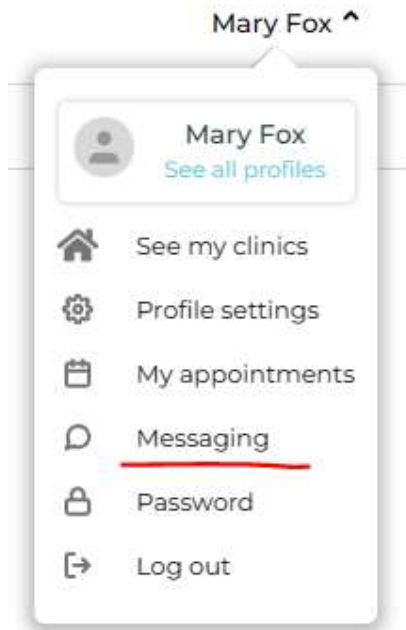

The screenshot displays a booking interface for a "GP Consultation" service. At the top, a dropdown menu shows "GP Consultation" and a green button labeled "Additional Services". Below this, a date selector shows "2023-10-24" with a calendar icon. A calendar view is open, showing the month of November 2023. The days of the week are labeled "Mo", "Tu", "We", "Th", "Fr", "Sa", "Su". The calendar shows dates from 30 to 10. To the right of the calendar, there are two "AM" buttons. Below the calendar, a "Status" dropdown menu is set to "BOOKED". On the right side of the interface, under the heading "Available free slots:", there is a list of time slots in orange boxes: 10:30 AM - 10:45 AM, 10:45 AM - 11 AM, 11 AM - 11:15 AM, 11:15 AM - 11:30 AM, 11:30 AM - 11:45 AM, 11:45 AM - 12 PM, 1 PM - 1:15 PM, 1:15 PM - 1:30 PM, 1:30 PM - 1:45 PM, 1:45 PM - 2 PM, 2 PM - 2:15 PM, and 2:15 PM - 2:30 PM. At the bottom right, there is a "Details" section.

Moved Secure Messaging to Portal

Secure messaging has been moved from the app to the portal.

We will be shortly shutting down the MyClinic365 MyApp app and will be redirecting all traffic to the portal.

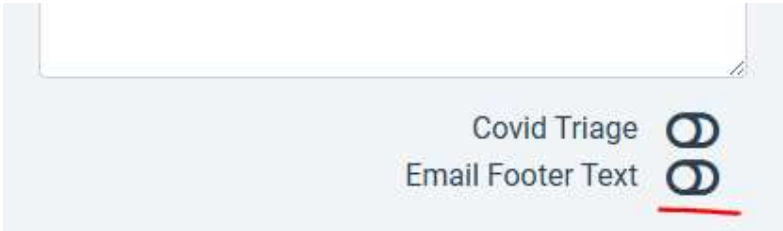

Patients will get notifications of new messages which they will access by going to messaging in the portal.

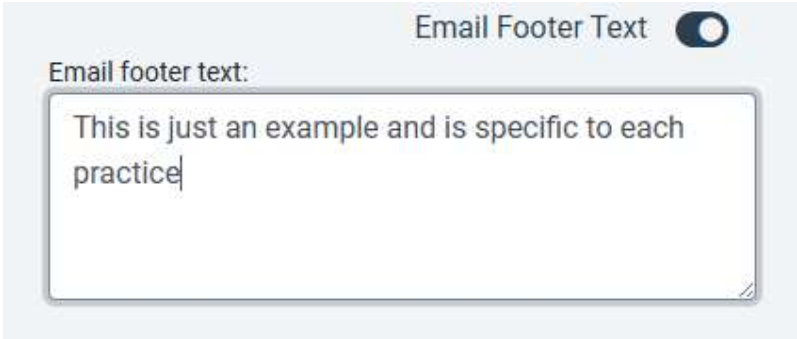

Adding information to booking confirmation email

You can now add practice specific information to the practice conformation email that is sent to patients.

To turn it on go to settings/notifications and click on Email Footer Text

Once enabled you can then add the text that is required:

Example email:

Booking details

Staff: **Dr. Laura Malone**

Clinic: **KillarneyGP2**

Service: **GP Consultation**

Location: **6B Scott St, Killarney, Ireland**

Time: **27-10-2023 10:15 AM**

Phone number: **0035364111111**

This is just an example and is specific to each practice
